

Plumstead Students Shine at Math Olympics

On Wednesday, March 21, students in third through eighth grades competed in the District 7 ACSI Math Olympics at Penn Christian Academy. Three students from each grade were selected to represent Plumstead in each of two categories: Computation and Reasoning. Seven area Christian schools attended the competition, which consisted of four rounds of timed math tests. Plumstead's students made an impressive showing, as 18 of our 36 students earned ribbons. In addition, three Plumstead students earned scores that were so high they earned special medals. Congratulations to all of the participants for using the mathematical ability that God has given to you!

Plumstead Award Winners

3rd Grade Reasoning

-2nd Grace Toll
-2nd Josiah Provan
-1st Jonathan Assaad

4th Grade Reasoning

-4th Maddy Hawkins
-2nd Kyle Elton

6th Grade Reasoning

-5th Abigail McIntire
-4th Shane Curry
-1st Ashley Pritchard

8th Reasoning

-4th Rachel Gendron

3rd Grade Computation

-5th Tommy Sensing
-4th Jacob Young
-1st Matthew Zilligen

4th Grade Computation

-5th Andrew Greiner
-4th Kristen Weeder
-1st Alex Hartzel

6th Grade Computation

-5th Celene Desko

7th Grade Computation

-5th Veronica Gisondi
-4th Ali Kent

Special Medal Winners

Matthew Zilligen - 3rd Grade
Jonathan Assaad - 3rd Grade
Ashley Pritchard - 6th Grade
