

Peace Valley Work Day Was a Great Success!

On Saturday, August 22 Plumstead families and staff came out to help prepare the Peace Valley campus for the start of another new year. Although the rain prevented us from doing the outside painting that was planned, we were able to finish many other projects! We painted, weeded, mulched, raked, and even worked on bulletin boards. It was a day of work, but it was also a time of fellowship as we enjoyed bagels & coffee in the morning and pizza for lunch!
